Please enclose the following support materials with this application form:

1. A non-returnable CD OR website address with downloadable music sample
2. Digital Color or B&W photo (optional)

Music at the Market Saturday Mornings 10:00 am to 12:00 pm

The Lynchburg Community Market is a community-wide market that features local produce, food products, baked goods, shops, restaurants, and arts & crafts. As a community market we are also interested in highlighting local bands each week in the market plaza. We are especially seeking genres that fit the feel of the Market.

The Community Market is a family friendly venue and all music that is performed should be suitable for all members of the family. Participating musicians should keep the family friendly nature of the Community Market in mind when selecting music and should not perform music that contains coarse or offensive language, profanity, vulgar words, references to sexual conduct, violence, or music that would otherwise be an affront to Lynchburg's community standards. The Community Market reserves the right to review and approve all music that will be performed at the Market and to exclude any music it deems to be offensive. Musicians not willing to perform music that complies with these guidelines will not be permitted to perform at the Community Market.

Musicians are allowed to hang a banner, sell CD's, and collect tips during performances. The Lynchburg Community Market will not be providing amplification for performances. Bands that wish to amplify their music will be responsible for bringing their own equipment. The management will control the Music at the Market performance area. We strive to give our artists a positive performance experience and will promote through advertisements, e-mails, and web highlights on lynchburgcommunitymarket.com and our Facebook page. We appreciate your interest in playing at the Community Market, and thank you for your application!
